

Overlook Golf Course Year Long Match Play Championship

When

Qualifying can take place anytime starting April 1, the deadline is May 9, 2020. You may qualify within your own group if someone else is or has already qualified for the event. Applications must be submitted before your round of golf. Scorecards need to be handed into the pro shop and signed by both players. Qualifying will be from the white tees, tan tees for the senior (60+) division. There will be 2 flights minimum including a senior flight (60+). This will be a handicapped championship.

Matches

Once the bracket is set, players will have 3 weeks to schedule and complete your match. The time and date of each match will be mutually agreed upon by both players and you need to let the Tournament Coordinator know about your plans. Phone numbers and e-mail addresses will be available to all participants after qualification. All matches must take place at Overlook Golf Course. If a match is not completed by a deadline, a player may appeal to the Tournament Coordinator to be awarded a match win by forfeit if the opposing player did not make a good faith effort to schedule the match. If nothing is done, the lower seed will be awarded the win.

Individual Match Details

Players are responsible for their own golf fees in all matches. To minimize distractions, no other players should be playing during a match unless it is agreed upon by both players. Caddies are not allowed. Be sure both players sign and date all score cards. Standard USGA match play rules and scoring apply. The player furthest from the pin should always play before the other player.

In case a match is all-square after 18 holes, the match will continue until a hole is won and a winner is determined. Playoff holes will begin on hole #1 and proceed until a hole is won, handicap holes will remain unchanged. At or before teeing off on the next hole, or leaving the 18th (last green), players must notify one another of any claims based upon ruling disputes. Contact the Tournament Coordinator after the match to resolve any claims. Results and signed scorecards of all matches need to be handed into the pro shop within 24 hours of completion. The Overlook web site will be updated regularly with the latest bracket results.

Handicaps

Only Official USGA handicaps will be accepted. The Tournament Coordinator will publish the course handicap for each player at the start of the match play competition. Course handicaps will be updated daily per the World Handicap System. Using the supplied course handicap for each player, golfers will receive 100% of their handicap and golfers will receive strokes based upon their course handicaps. USGA/Local rules are in effect, balls shall be played down, as they lie. If both competitors agree that a bunker has not been tended to or in poor shape due to weather, sprinklers, etc., a player may choose to lift his/her ball, rake the bunker, and re-place (not drop) the ball in the bunker, without penalty.
