2-person match play league

The format for the 2019 league will be match play. Teams will be paired with another team each night which will be their opponent for the week. The 9 holes will be broken into nine one hole matches with a total of 2 point available each hole. One point awarded for combined low net and one point awarded for combined low gross. If a hole is halved then each team will receive half a point. Winners of the match will receive an extra 2 points. A total of 20 points will be awarded in the match each night. Teams will play a different team each week. The teams with the best record, and then highest point total, in each season will advance to the end of the year playoffs. USGA rules will be played.

Handicaps

The lowest handicapped player in each match will be reduced to a zero and all other players in that match will be reduced by that amount. No player may receive more than 2 strokes per hole. **All players must play from the white set of tees**, and therefore will receive their handicap from the white tees. Team members may not have a handicap differential of more than 10 strokes.

Scorecards

One team member per group will have the responsibility for maintaining the official scorecard for the round. That individual is responsible for accurately and clearly recording the scores of each player. Scorers will turn in the official scorecard at the conclusion of the round. It is each player's responsibility to verify the accuracy of his score at the conclusion of the round. Should there be a dispute relative to the interpretation of the rules, method of play, or incorrect handicap, such disputes shall be directed to the League Supervisor for a final ruling. All scores shall be posted into the handicap system.

League Extras

Each Monday night there will be one closest to the pin contest on hole #6. We will also have an end of the year event which will include food and prizes.
